

## DRUG AND ALCOHOL DEPENDENCE

### SUBJECT INDEX

#### Volume 19 (1987)

---

Abuse potential, inhalant abuse, solvent abuse, toluene, nitrous oxide, anesthetics, methyl chloroform, 7

-, minaprine, Cantor, self-administration, rhesus monkey, 121

Acculturation, Hispanics, drinking, social settings, 215

Acetaldehyde, rats, open field, temperature, sex differences, 1

Affective disorders, neurotic disorders, grief, schizophrenic disorders, 259

Aging alcohol use and the life course, 195

Alcohol, attitudes, 279

-, drinking drivers, blood alcohol levels, human and environmental factors, other drug intake, 99

-, female university students, Cairo, tobacco smoking, prescription psychotropic drugs, narcotics, 233

Alcohol abuse, alcoholism, immunofixation, isoelectric focusing, sialic acid, transferrin, 181

Alcohol consumption, alcohol problems, trends, 91

Alcohol dependence, DSM-III revision, diagnosis, 345

Alcohol ingestion, animal models, liquid diet, 333

Alcohol intoxication,  $\beta$ -endorphin, naloxone, 71

Alcoholism, alcohol abuse, immunofixation, isoelectric focusing, sialic acid, transferrin, 181

-, family relations, treatment, outcome, Kuwait, 131

-, liver cirrhosis, mortality, Argentina, 29

-, platelet, monoamine oxidase, plasma dopamine- $\beta$ -hydroxylase, family history, dementia, 363

-, women, sexuality, 145

Alcohol problems, alcohol consumption, trends, 91

Alcohol-related liver disease, arsenic content, serum, urine, hair, nails, 177

Alcohol use, violent crime, property crime, 313

Alcohol withdrawal, serum dopamine- $\beta$ -hydroxylase activity, serum prolactin, 45

d-Amphetamine, satiation, deprivation, self-administration, cocaine, nicotine, diazepam, perphenazine, 17

Anesthetics, inhalant abuse, solvent abuse, abuse potential, toluene, nitrous oxide, methyl chloroform, 7

Animal models, alcohol ingestion, liquid diet, 333

Argentina, liver cirrhosis, mortality, alcoholism, 29

Arsenic content, alcohol-related liver disease, serum, urine, hair, nails, 177

Attitudes, alcohol, 279

Barbiturates, drug dependence, emergency rooms, self-poisoning, 265

Blood alcohol concentration estimates, perception of intoxication, drinking-driving, 79

Blood alcohol levels, alcohol, drinking drivers, human and environmental factors, other drug intake, 99

Cairo, female university students, tobacco smoking, prescription psychotropic drugs, narcotics, alcohol, 233

Cantor, minaprine, self-administration, abuse potential, rhesus monkey, 121

Cerebral atrophy, chronic alcoholics, CT scans, polysomnography, slow wave sleep, 325

Chronic alcoholics, CT scans, cerebral atrophy, polysomnography, slow wave sleep, 325

Circumventricular, preoptic nucleus, degeneration, ethanol, mice, 227

Cirrhosis, hepatocyte area, liver fibrosis, histomorphometry, 357

Cocaine, freebase smoking, lung, 271

-, satiation, deprivation, self-administration, *d*-amphetamine, nicotine, diazepam, perphenazine, 17

Controlled drinking, denial treatment goals, 159

Cost estimates, fetal alcohol syndrome, mental retardation, low birthweight, incidence, 51

CT scans, chronic alcoholics, cerebral atrophy, polysomnography, slow wave sleep, 325

Degeneration, circumventricular, preoptic nucleus, ethanol, mice, 227

Dementia, alcoholism, platelet, monoamine oxidase, plasma dopamine- $\beta$ -hydroxylase, family history, 363

Denial treatment goals, controlled drinking, 159

Deprivation, satiation, self-administration, cocaine, *d*-amphetamine, nicotine, diazepam, perphenazine, 17

Diagnosis, DSM-III revision, alcohol dependence, 345

Diazepam, satiation, deprivation, self-administration, cocaine, *d*-amphetamine, perphenazine, 17

Dihydroxyphenyl acetic acid, ethanol, hypothermia, rat, homovanillic acid, 4-hydroxy-3-methoxyphenyl glycol, 5-hydroxyindoleacetic acid, 369

DIS, substance use disorders, drug use disorders, SADS-L, 165

Drinking, Hispanics, acculturation, social settings, 215

Drinking drivers, alcohol, blood alcohol levels, human and environmental factors, other drug intake, 99

Drinking-driving, blood alcohol concentration estimates, perception of intoxication, 79

Drug dependence, emergency rooms, self-poisoning, barbiturates, 265

Drug use disorders, substance use disorders, SADS-L, DIS, 165

DSM-III revision, alcohol dependence, diagnosis, 345

Emergency rooms, drug dependence, self-poisoning, barbiturates, 265

$\beta$ -Endorphin, alcohol intoxication, naloxone, 71

Ethanol, circumventricular, preoptic nucleus, degeneration, mice, 227

-, hypothermia, rat, dihydroxyphenyl acetic acid, homovanillic acid, 4-hydroxy-3-methoxyphenyl glycol, 5-hydroxyindoleacetic acid, 369

-, liver, hepatocyte area, histomorphometry, mouse, 35

Family history, alcoholism platelet, monoamine oxidase, plasma dopamine- $\beta$ -hydroxylase, dementia, 363

Family relations, alcoholism, treatment, outcome, Kuwait, 131

Female university students, Cairo, tobacco smoking, prescription psychotropic drugs, narcotics, alcohol, 233

Fetal alcohol syndrome, mental retardation, low birthweight, incidence, cost estimates, 51

Freebase smoking, cocaine, lung, 271

Grief, affective disorders, neurotic disorders, schizophrenic disorders, 259

Hair, alcohol-related liver disease, arsenic content, serum, urine, nails, 177

Hepatocyte area, cirrhosis, liver fibrosis, histomorphometry, 357

-, ethanol, liver, histomorphometry, mouse, 35

Hispanics, acculturation, drinking, social settings, 215

Histomorphometry, cirrhosis, hepatocyte area, liver fibrosis, 357

-, mouse, ethanol, liver, hepatocyte area, 35

Homovanillic acid, ethanol, hypothermia, rat, dihydroxyphenyl acetic acid, 4-hydroxy-3-methoxyphenyl glycol, 5-hydroxyindoleacetic acid, 369

Human and environmental factors, alcohol, drinking drivers, blood alcohol levels, other drug intake, 99

5-Hydroxyindoleacetic acid, ethanol, hypothermia, rat, dihydroxyphenyl acetic acid, homovanillic acid, 4-hydroxy-3-methoxyphenyl glycol, 369

4-Hydroxy-3-methoxyphenyl glycol, ethanol, hypothermia, rat, dihydroxyphenyl acetic acid, homovanillic acid, 5-hydroxyindoleacetic acid, 369

Hypothermia, ethanol, rat, dihydroxyphenyl acetic acid, homovanillic acid, 4-hydroxy-3-methoxyphenyl glycol, 5-hydroxyindoleacetic acid, 369

Immunofixation, alcoholism, alcohol abuse, isoelectric focusing, sialic acid, transferrin, 181

Incidence, fetal alcohol syndrome, mental retardation, low birthweight, cost estimates, 51

Inhalant abuse, solvent abuse, abuse potential, toluene, nitrous oxide, anesthetics, methyl chloroform, 7

Isoelectric focusing, alcoholism, alcohol abuse, immunofixation, sialic acid, transferrin, 181

Kidney, morphine, opioid, ultrastructure, 249

Kuwait, alcoholism, family relations, treatment, outcome, 131

Liquid diet, alcohol ingestion, animal models, 333

Liver, ethanol, hepatocyte area, histomorphometry, mouse, 35

Liver cirrhosis, mortality, alcoholism, Argentina, 29

Liver fibrosis, cirrhosis, hepatocyte area, histomorphometry, 357

Low birthweight, fetal alcohol syndrome, mental retardation, incidence, cost estimates, 51

Lung, freebase smoking, lung, 271

Mental retardation, fetal alcohol syndrome, low birthweight, incidence, cost estimates, 51

Methyl chloroform, inhalant abuse, solvent abuse, abuse potential, toluene, nitrous oxide, anesthetics, 7

Mice, circumventricular, preoptic nucleus, degeneration, ethanol, 227

Minaprine, Cantor, self-administration, abuse potential, rhesus monkey, 121

Monoamine oxidase, alcoholism, platelet, plasma dopamine- $\beta$ -hydroxylase, family history, dementia, 363

Morphine, opioid, kidney, ultrastructure, 249

Mortality, liver cirrhosis, alcoholism, Argentina, 29

Mouse, ethanol, liver, hepatocyte area, histomorphometry, 35

Nails, alcohol-related liver disease, arsenic content, serum, urine, hair, 177

Naloxone,  $\beta$ -endorphin, alcohol intoxication, 71

Narcotics, female university students, Cairo, tobacco smoking, prescription psychotropic drugs, alcohol, 233

Neurotic disorders, affective disorders, grief, schizophrenic disorders, 259

Nicotine, satiation, deprivation, self-administration, cocaine, *d*-amphetamine, diazepam, perphenazine, 17

Nitrous oxide, inhalant abuse, solvent abuse, abuse potential, toluene, anesthetics, methyl chloroform, 7

Open field, acetaldehyde, rats, temperature, sex differences, 1

Opioid, morphine, kidney, ultrastructure, 249

Other drug intake, alcohol, drinking drivers, blood alcohol levels, human and environmental factors, 99

Outcome, alcoholism, family relations, treatment, Kuwait, 131

Perception of intoxication, blood alcohol concentration estimates, drinking-driving, 79

Perphenazine, satiation, deprivation, self-administration, cocaine, *d*-amphetamine, nicotine, diazepam, 17

Plasma dopamine- $\beta$ -hydroxylase, alcoholism, platelet, monoamine oxidase, family history, dementia, 363

Platelet, alcoholism, monoamine oxidase, plasma dopamine- $\beta$ -hydroxylase, family history, dementia, 363

Polysomnography, chronic alcoholics, CT scans, cerebral atrophy, slow wave sleep, 325

Preoptic nucleus, circumventricular, degeneration, ethanol, mice, 227

Prescription psychotropic drugs, female university students, Cairo, tobacco smoking, narcotics, alcohol, 233

Property crime, alcohol use, violent crime, 313

Rat, ethanol, hypothermia, dihydroxyphenyl acetic acid, homovanillic acid, 4-hydroxy-3-methoxyphenyl glycol, 5-hydroxyindoleacetic acid, 369

Rats, acetaldehyde, open field, temperature, sex difference, 1

Rhesus monkey, minaprine, Cantor, self-administration, abuse potential, 121

SADS-L, substance use disorders, drug use disorders, DIS, 165

Satiation, deprivation, self-administration, cocaine, *d*-amphetamine, nicotine, diazepam, perphenazine, 17

Schizophrenic disorders, affective disorders, neurotic disorders, grief, 259

Self-administration, minaprine, Cantor, abuse potential, rhesus monkey, 121

—, satiation, deprivation, cocaine, *d*-amphetamine, nicotine, diazepam, perphenazine, 17

Self-poisoning, drug dependence, emergency rooms, barbiturates, 265

Serum, alcohol-related liver disease, arsenic content, urine, hair, nails, 177

Serum dopamine- $\beta$ -hydroxylase activity, alcohol withdrawal, serum prolactin, 45

Serum prolactin, alcohol withdrawal, serum dopamine- $\beta$ -hydroxylase activity, 45

Sex differences, acetaldehyde, rats, open field, temperature, 1

Sexuality, alcoholism, women, 145

Sialic acid, alcoholism, alcohol abuse, immunofixation, isoelectric focusing, transferrin, 181

Slow wave sleep, chronic alcoholics, CT scans, cerebral atrophy, polysomnography, 325

Social settings, Hispanics, acculturation, drinking, 215

Solvent abuse, inhalant abuse, abuse potential, toluene, nitrous oxide, anesthetics, methyl chloroform, 7

Substance use disorders, drug use disorders, SADS-L, DIS, 165

Temperature, acetaldehyde, rats, open field, sex differences, 1

Tobacco smoking, female university students, Cairo, prescription psychotropic drugs, narcotics, alcohol, 233

Toluene, inhalant abuse, solvent abuse, abuse potential, nitrous oxide, anesthetics, methyl chloroform, 7

Transferrin, alcoholism, alcohol abuse, immunofixation, isoelectric focusing, sialic acid, 181

Treatment, alcoholism, family relations, outcome, Kuwait, 131

Trends, alcohol problems, alcohol consumption, 91

Ultrastructure, morphine, opioid, kidney, 249

Urine, alcohol-related liver disease, arsenic content, serum, hair, nails, 177

Violent crime, alcohol use, property crime, 313

Women, alcoholism, sexuality, 145

## DRUG AND ALCOHOL DEPENDENCE

### VOLUME CONTENTS

#### Volume 19 (1987)

---

Sex differences in acetaldehyde on body temperature and open-field performance in the rat by W.D. Myers, S. Gibson, K.T. Ng and G. Singer . . . . .	1
Abuse potential evaluation of inhalants by R.L. Balster (Richmond, VA) . . . . .	7
The effects of food deprivation on the self-administration of psychoactive drugs by R. de la Garza and C.E. Johanson . . . . .	17
Liver cirrhosis mortality in Argentina: its relationship to alcohol intake by J.H. Hauger-Klevine and E.C. Balossi . . . . .	29
Effect of ethanol on liver cell - development in the male albino mouse by C.E. González-Reimers, A. Castañeyra-Perdomo, F.J. Santolaria-Fernández, M. del mar Pérez-Delgado and R. Ferres-Torres . . . . .	35
Serum dopamine- $\beta$ -hydroxylase activity and alcohol withdrawal symptoms by G. Bagdy and M. Arató . . . . .	45
Incidence of fetal alcohol syndrome and economic impact of FAS-related anomalies by E.L. Abel and R.J. Sokol . . . . .	51
Determination of $\beta$ -endorphin in alcoholic patients in the acute stage of intoxication: relation with naloxone therapy by L. Barret, F. Bourhis, H. Buffet, V. Danel and J.L. Debru . . . . .	71
Self-estimates of blood alcohol concentration in drinking-driving context by D.J. Beirness . . . . .	79
Changes in alcohol problems as a result of changing alcohol consumption: a natural experiment by R.G. Smart . . . . .	91
 <i>Review Paper</i>	
Factors affecting the drinking driver by A.W.K. Chan . . . . .	99
 <i>Self-administration of minaprine in rhesus monkeys</i>	
by P.M. Beardsley and R.L. Balster . . . . .	121
Treatment of alcoholism in Kuwait: a prospective follow-up study by A.M. Bilal, J. Kristof, A. Shaltout and M.F. El-Islam . . . . .	131
Disorders of sexual desire in a sample of women alcoholics by K. Heiser and U. Hartmann . . . . .	145
A note on the characteristics of alcohol abusers with controlled drinking aspirations by A.C. Ogborne . . . . .	159
Assessment of specific drug disorders in a sample of substance abuse patients: a comparison of the DIS and SADS-L procedures by D.S. Hasin and B.F. Grant . . . . .	165
Levels of arsenic in alcohol-related liver disease	

by A.P.S. Narang, L.S. Chawla and S.B. Khurana .....	177
Serum desialotransferrin in the detection of alcohol abuse. Definition of a Tf index by R. Schellenberg and J. Weill .....	181
<b>Announcements</b> .....	<b>193</b>
<b>Review Paper</b>	
Research issues concerning alcohol consumption among aging populations by R. Stall .....	195
<b>Acculturation, drinking and social settings among U.S. Hispanics</b>	
by R. Caetano .....	215
A search for degeneration in the circumventricular area of ethanol-treated mice by S.C. Phillips .....	227
The use of psychoactive substances by female Egyptian university students, compared with their male colleagues on selected items by M.I. Soueif, M.A. Hannourah, Z.A. Darweesh, A.M. El-Sayed, F.A. Yunis and T.A. Taha .....	233
Effects of morphine on rat kidney glomerular podocytes: a scanning electron microscopic study by J.E. Johnson, Jr., J.J. White, Jr., R.C. Walovitch and E.D. London .....	249
The position of psychiatry in alcohol dependence by A. Blankfield .....	259
Monitoring changing patterns of drug dependence in accident and emergency departments by A.H. Ghodse, J. Stapleton, G. Edwards and J. Edeh .....	265
Decreased single breath carbon monoxide diffusing capacity in cocaine freebase smokers by R.D. Weiss, D.S. Tilles, P.D. Goldenhein and S.M. Mirin .....	271
<b>Announcement</b> .....	<b>277</b>
<b>Review Paper</b>	
Attitudes about alcohol: a general review by A. Crawford .....	279
<b>Alcohol use by violent and property offenders</b>	
by J.W. Weite and B.A. Miller .....	313
Cerebral atrophy and slow wave sleep of abstinent chronic alcoholics by M. Ishibashi, Y. Nakazawa, T. Yokoyama, Y. Koga, Y. Miyahara, N. Hayashida and K. Ohse .....	325
Animal modes of chronic alcohol ingestion: the liquid diet by L.C. Wart .....	333
A commentary of the proposed changes in DSM-III concept of alcohol dependence by R. Caetano .....	345
Hepatocyte and nuclear areas in alcoholic liver cirrhosis: their relationship with the size of the nodules and the degree of fibrosis by C.E. González-Reimers, F.J. Santolaria-Fernández, A. Castañeyra-Perdomo, J.A. Jorge-Hernández, A. Martín-Herrara and L. Hernández-Nieto .....	357
Platelet monoamine oxidase and plasma dopamine- $\beta$ -hydroxylase activities in non-abstinent chronic alcoholics. Relation to clinical parameters by E. Lykouras, G. Moussas and M. Markianos .....	363
Ethanol-induced hypothermia and biogenic amine metabolites by L. Alari, B. Sjöquist and T. Lewander .....	369
